Dear Mr. Greer:

I have written you two letters, and have been hoping for an answer from them, but to date have not heard from you. I had a letter from Posey today which partly explains it. I take it from the letters he is doing your booking. If you had written me to that effect, I would have written Posey. However now that I have heard from him, I am under the impression that The Red Caps The Cubans The Grays have not closed their dates for that day. Posey has a couple parks, but I think it would probably be more profitable to play in the city you train in.

Now I would like to have the Red Caps in Daytona Beach Easter Sunday for several reasons, one they are a local team, but more important, you have given me a couple days in Jacksonville, and I would like to give you one if possible. I do think wherever any of us are going to play we should decide soon as Easter Sunday is only three weeks off. That is not much time to have printing and advertising done. I am sending Posey a airmail special at this same time, and I would appreciate hearing from you both right away. After I hear from you I still have to let the man in Daytona know. After all we do want some people in the park.

Posey has also written me that The March are playing The Clowns Easter Sunday. The leahues both voted to black ball the Clowns, I cant understand the two teams permitting one member to violate a rule like this. However maybe there is something I do not understand.

Please let me hear from you by return mail or wire. I want to get started on publicity for Easter Sunday.

Very Truly Yours
